# About FREJA

FREJA Transport & Logistics keeps your business in motion and your cargo on track.

At FREJA, we offer dedicated transport, logistics and warehousing solutions in Europe and across the world with customised personal service and guaranteed quality. Privately owned since the founding in 1985 with branches in Denmark, Sweden, Norway, Finland, Poland, and China we are one of the leading transport and logistics companies in the Nordic countries.

# 01.

## Mission

In a dynamic interaction between customers, employees and highly specialized systems, we deliver individually tailored, flexible and productive transport solutions by land, sea, and air.

Our committed employees show innovative thinking and appreciate customers as well as partners who dare to make demands that challenge us.

We wish to create an atmosphere in which people thrive and where employees, customers and partners seek to in order to become part of the success.

## Vision

We want to be recognized as the most flexible and reliable all-round supplier of logistics services and transports in the countries where we are active.

## Concept

Through credibility as well as flexible and efficient IT, transport and logistic solutions, we want to create growth in value for FREJA, our customers and partners.

# Our Services

# 02.

Quality, honesty, liability, and flexibility have been our guidelines for the company and the employees since the very beginning. As our customer you will always have one dedicated contact person for your whole chain of transport.

In February 2021 FREJA Finland acquired the business and share capital of TL Trans. FREJA Finland's capacity of about 850 curtain trailers increased by about 80 thermo trailers (reefers).

Attitude is a small thing that makes a big difference
