

# TA Systems/ Booking Portal

The logo for FREJA, featuring the word "FREJA" in a bold, white, sans-serif font inside a red-bordered square. The background of the top right corner of the page features a blue and white digital circuit pattern with glowing nodes and lines.

## WHAT IS TA SYSTEMS/BOOKING PORTAL?

Transport Administration systems are used by many consignors to streamline the booking and administration process of their shipments with different carriers. The TA systems, also known as "Booking Portals," can provide a fast, robust, and well-proven solution for connecting with FREJA, allowing you to book your shipments, print documents and labels, and track them.

## HOW DOES TA SYSTEMS/BOOKING PORTAL WORK?

If you are already connected to a TA System/Booking Portal or something similar, you might only be a few steps away from establishing a connection with FREJA.

FREJA is already a well-known carrier integrated into the most commonly used TA Systems, and we are continuously adding connections to new TA systems.

## Some of the systems we are already connected to include:

- Logtrade
- Descartes TMS
- Transporeon
- Zhipster
- SmartSend
- Primelog/Pagero
- Cargonizer
- nShift-Webshipper
- CargoFlux
- nShift-TMS (aka Unifaun Apport)
- Shipmondo
- nShift-Delivery (aka Unifaun Online)
- ClearView Trade
- nShift-SHIP (aka Consignor)
- Logisnap
- Alpega/Transwide
- Cargoson

If your system is listed above, it could be a very efficient way to optimize your business. If your TA system is not on the list, please let us explore the possibilities of building an integration with the system you use.

## WHO IS TA SYSTEMS/BOOKING PORTAL FOR?

If you are using one of the above-mentioned TA systems, please inform us, and we can begin the integration process.

## WANT TO GET STARTED?

Contact your TA system provider and let them know that you want to integrate with FREJA. At the same time, send us a message to inform us that you are in the process so we can prepare a test flow for you.
